Next, here is the forex impact.

Next, here are the results, including the forex impact.

As earlier, there was a slightly negative forex impact on revenue and pretax profit. If the forex impact were neutralized, then on an actual basis, revenue would be up 4% and pretax profit would be up 39%.

I will give an explanation of each business in more detail by product. Revenue was roughly flat, and profit

Here is the forex impac.

Next, here are the results by product.

Next is cash flow.

Finally, here is our guidance.

For the full year, we forecast revenue of JPY541 billion, pretax profit of JPY156 billion, and net profit of JPY124.5 billion.
